

Dear Boaters:

For the 2021 boating season if you are looking for additional vehicle or trailer parking the City of St. Charles has permitted us to tell boaters that they can park trucks and trailers at the old police station, located off N. Riverside Drive. *Please see the map below.*

There is a small pier to the river by the old police station that would allow boaters to boat across the river to pick up the driver of the vehicle once they park.

**PLEASE NOTE:** You will need to unhook your trailer from your vehicle at this location as the lot is not set up with parking spaces to accommodate truck and trailer.

Please be advised the City of St. Charles has posted the Timber Trail subdivision, across from Boy Scout Island, as a **No Parking** zone for boat trailers. *Please see the map below.*

Thank you for your cooperation,
